

PROFESSIONAL EVENT MANAGEMENT - ALL OCCASIONS - COMMERCIAL SERVICES

Dear Valued Client:

I am pleased to announce the integration of Arizona's two largest event service operations – Arizona Tents and Events, a leader in event equipment and management; and Gorilla Companies, a provider of event personnel, portable power and services. We have aligned all our assets, and our team has worked very hard over the past year to combine inventory, resources and expertise to offer everything under one name – PRO EM.

PRO EM was created to serve as a single source for events of any size. We have moved from various points around the Valley into a signature building at 48th Street and Baseline and have put a considerable amount of time and capital into our inventory. We developed three distinctive business units based on the needs of our Clients – Professional Event Management, for large scale tournaments, sporting and all-inclusive venue events; All Occasions, for backyard parties, weddings, catering needs and tabletop items; and Commercial Services, for our construction sites, industrial locations and portables.

The PRO EM portfolio of services now includes:

- Event management, production and consulting
- Personnel – security, valet, parking, ushers and transport services
- Tents, structures, tables, chairs, fencing, barricades and lattice
- Portable power, restrooms and high-end event retreats
- Theatrical sound and lighting
- Glassware, tableware and linens
- Custom apparel, brand designs and promotions
- Fuel Services

Our goal is to provide quality equipment, knowledgeable people and unsurpassed service to each and every event. We invite you to learn more about our values and our company at www.PROEM.org. As we continue to integrate and upgrade our services, our website will evolve into an interactive resource for information, pricing and a forum for creating better events.

We appreciate your business. Please do not hesitate to contact us with any ideas or suggestions you may have. Your input is integral in shaping the way we build our business.

Sincerely,

Bradley Kramer
President & CEO
